

PAVAN KUMAR DIXIT

BCA Graduate | RHCSA | RHCE | Linux/RHEL | Cloud & Infrastructure

Udaipur, Rajasthan, India | +91 7852858553 | pavandixit775@gmail.com | github.com/pavandixit02

PROFESSIONAL SUMMARY

BCA Graduate from Mohanlal Sukhadia University with a strong foundation in Linux and system administration, backed by RHCSA and RHCE certifications. Skilled in Linux/RHEL administration, networking fundamentals, shell scripting, Git/GitHub, and core computer science concepts, with practical exposure to AWS, Docker, Kubernetes, Terraform, and CI/CD workflows. Strong systems-level problem-solving approach with hands-on practice through labs and projects. Seeking an entry-level Cloud Support, Linux/System Administration, Infrastructure Support, or DevOps role to apply and grow infrastructure skills in a production environment.

TECHNICAL SKILLS

Operating Systems: Linux, RHEL

System Administration: User & Group Management, Permissions, Storage Configuration, Services, SSH, Shell Scripting

Networking: TCP/IP, DNS, DHCP, SSH, Computer Communication & Networks

Cloud & DevOps: AWS, Cloud Computing Fundamentals, Docker, Kubernetes, Terraform, Jenkins, GitHub Actions, CI/CD

Programming: Python, YAML, Shell Scripting

Other: Artificial Intelligence, Deep Learning Fundamentals, Data Parallelism, Agentic AI, Web Development

CERTIFICATIONS

- Red Hat Certified System Administrator (RHCSA)
- Red Hat Certified Engineer (RHCE)
- AWS Cloud Computing Perseverex: Internship/Training
- Agentic AI in College Campus: Internship/Training
- Fundamental Deep-Learning (NVIDIA)
- Data-Parallelism (NVIDIA)

PROJECTS

Linux System Administration Lab (RHCSA)

- Practiced RHEL/Linux administration including users and groups, permissions, storage configuration, services, SSH, and networking fundamentals.
- Applied structured troubleshooting and shell-based administration concepts through hands-on Linux practice aligned with RHCSA/RHCE objectives.

Ansible Linux Server Automation & Configuration Management Lab (RHCE)

Ansible | RHEL 10 | Linux | YAML | SSH | Git/GitHub

- Designed a multi-node Ansible environment with a Control Node and RHEL managed nodes for centralized configuration management.
- Created YAML Playbooks to automate package installation, Apache web-server configuration, service management, and system fact collection.
- Used Ansible modules including dnf, service, setup, and inventory-based host management to automate repetitive administration tasks.

COLLEGE CAMPUS ACADEMIC LEARNING

Programming Languages: C, C++, Java, C# | Database & Data Management: DBMS | Data Structures & Algorithms: Data Structures | Operating Systems: OS | Computer Systems: Computer Organization & Architecture | Networking: Computer Communication & Networks | Software Engineering: System Analysis & Design | Mathematics: Discrete Mathematics | Web Technologies: Advanced Web Development | Artificial Intelligence: AI | Information Technology: ITPC | Accounting & Finance: Accounting & Financial Management

EDUCATION

Bachelor of Computer Applications (BCA)

Mohanlal Sukhadia University (MLSU), Udaipur, Rajasthan | CGPA: 7.58 | 2023–2026

Class 12: RBSE, PCM | 60% | 2023

Class 10: RBSE | 84% | 2021

LANGUAGES

English, Hindi
